

# Instructions for booking entrance tickets online

## Introduction

During your tour, you will visit quite a few monuments and sites and, due to the popularity of certain monuments, it is advisable to pre-book certain entrance tickets online, in advance of your tour.

In particular, the Alhambra in Granada is one of Europe's most visited sites and tickets that include entrance to the Nasrid Palaces within the Alhambra Complex, sell out many weeks in advance at popular times.

As such, as soon you confirm your booking with us, we email you simple instructions for you to purchase your entrance tickets for the Alhambra Complex and request that you forward us a copy of the pdf file you will receive that contains the tickets.

In addition to the Alhambra entrance tickets, there are also some other popular monuments that it is worthwhile to purchase your entrance tickets online.

These are:

Seville Cathedral

Real Alcazar of Seville

Mesquita in Córdoba

Lustau Sherry Bodega (*only applicable for the Ultimate Andalusia tour or Western Andalusia tour extension*)

The following instructions contain links to the sites you need to go to and purchase your tickets.

IMPORTANT - Please note that we only provide links to the 'official' monument websites to purchase tickets. There are many other websites who claim to sell 'official' tickets, but we do not recommend purchasing from any site other than the official monument site, since some may well be fraudulent sites.

We have been led to believe that 'Walker Tours', who appear in many search results, may be a Scam site claiming to sell official tickets to several monuments in Andalusia.

Always purchase from the official monument website, not sites that simply claim to sell official tickets.

Do not simply make an internet search for ticket sales for any monument, as there is a strong chance that fake ticket websites will be included in the search results.

The instructions contain the sample screens that you will navigate to make the purchase.

Please note that some of the monuments offer age related discounts that may be applicable.

Wherever you are asked to provide ID, this will be your passport number and, for site security reasons, you will need to have your original passport with you when you visit the monuments.

Tour Andalusia Tour Leaders do not accompany you into any monuments, there are strict regulations governing this.

There are audio guides available for rental at the larger sites if you wish to have one.

Our approach is to let you explore and enjoy the monuments at your own leisurely pace and then, before or after your visit, you can read more about them in detail should you desire.

We will let you know by email which day/date and time is required for any visit.

For other monuments you may wish to visit during your tour, you will just purchase a ticket at the entrance.

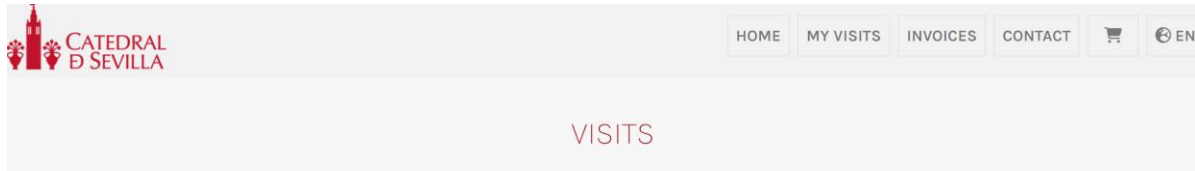

Typically entrance fees for monuments in Andalusia represent good value with prices ranging between €3 and €15, so for all monuments, including the Alhambra, we recommend considering a budget of around €80 per person, in total.

If you want to book a licenced monument guide to give you a private tour then let us know, since we have some contacts.

However, the vast majority of our guests prefer to enjoy exploring the monuments on their own at their own pace, with or without an audio guide.
