

Instructions for booking entrance tickets online

IMPORTANT – Please follow these instructions and only book entrance tickets from the official monument/site websites, links are contained within this document.

Do not cut and paste the links into any electronic Calendar, or suchlike, since this can result in disabling the links and not take you to the official websites.

Only click on the links from this document or cut and paste them directly into your browser.

Introduction

During your tour, you will visit quite a few monuments and sites and, due to the popularity of certain monuments, it is advisable to pre-book certain entrance tickets online, in advance of your tour.

In particular, the Alhambra in Granada is one of Europe's most visited sites and tickets that include entrance to the Nasrid Palaces within the Alhambra Complex, sell out many weeks in advance at popular times.

As such, as soon you confirm your booking with us, we email you simple instructions for you to purchase your entrance tickets for the Alhambra Complex and request that you forward us a copy of the pdf file you receive that contains the tickets.

In addition to the Alhambra entrance tickets, there are also some other popular monuments that it is worthwhile to purchase your entrance tickets online.

These are:

Seville Cathedral

Real Alcazar of Seville

Mesquita in Córdoba

Lustau Sherry Bodega (*only applicable for the Ultimate Andalusia tour or Western Andalusia tour extension*)

The following instructions contain links to the 'official' websites from where you need to purchase your tickets.

There are many websites on the internet that claim to sell 'official' tickets, but please do not purchase from any site other than the official websites, since there are many fraudulent ticketing sites claiming to sell 'official' tickets. These are scam sites and you will not receive a valid ticket.

Always purchase from the official monument website, not any other sites that claim to sell official tickets.

The instructions contain the sample screens that you will navigate to make the purchase.

Please note that some of the monuments offer age related discounts that may be applicable.

Wherever you are asked to provide ID, this will be your passport number and, for site security reasons, you will need to have your original passport with you, with the matching ID number, when you physically visit the monuments.

Tour Andalusia Tour Leaders do not accompany you into any monuments, there are strict regulations governing this.

There are audio guides available for rental at the larger sites if you wish to have one.

Our approach is to let you explore and enjoy the monuments at your own leisurely pace.

We will let you know by email which day/date and time is required for the visits.

For other monuments you may wish to visit during your tour, you simply purchase a ticket at the entrance.

Typically entrance fees for monuments in Andalusia represent good value with prices ranging between €3 and €15 and €21 for the Alhambra, before any age related discounts that may be applicable.

For visiting all of the monuments, including the Alhambra, we recommend considering a budget of €80 - €100 per person, depending on your tour.

Some of our Tour Leaders are also licenced monument guides, but our tour prices do not include guided monument visits.

If you want to contract a licenced monument guide to give you any private tour, then let us know well in advance and we should be able to organise this and let you know the supplementary price.

However, the vast majority of our guests prefer to enjoy exploring the monuments on their own at their own pace, with or without an audio guide.
